Disclaimer: The dye-sublimation printing process uses a computer printer to generate a heat transfer to transfer the image onto the fabric. Dye-sublimation printing machines use CMYK (Cyan Magenta Yellow Overcoating) colors, which differs from the more recognized CMYK colors in that the black is eliminated in favour of a clear overcoating. As a result, PMS inks cannot be matched exactly. They are only a reference point and an approximation. Factory will do its best to match but cannot guarantee an exact color match. INTENDED FOR DRY USE ONLY. 0702
