

NO FOOLIN', JUST COOLIN' COOL OFF IN STYLE

FULL COLOR SUBLIMATION 'RAINIER COOLING TOWEL!' WET AND WRING TO ACTIVATE!

Full Color Sublimation 'RAINIER COOLING TOWEL' keeps you cooler when working out in the gym or when outdoors playing sports or participating in other activities in the heat. Simply wet with water and wring to activate. The specialized air pocket construction quickly absorbs and retains water better than standard materials, and enhances air flow into the damp cloth creating a prolonged cooling effect. The moisture wicking properties draw moisture away your skin so you stay dry and comfortable. The RAINIER COOLING TOWEL remains dry to the touch. Simply re-wet and wring to reactivate and refresh as necessary. 100% eco-friendly chemical free microfiber polyester construction.

Disclaimer: Hand wash prior to use. Washing will influence imprint longevity. Hand wash only. Regarding color matching, dye-sublimation printing process uses a computer printer to generate a heat transfer to transfer the image onto fabric. Dye-sublimation printing machines use CMYO (Cyan Magenta Yellow Overcoating) colors, which differs from the more recognized CMYK colors in that the black is eliminated in favor of a clear overcoating. As a result, PMS inks cannot be matched exactly. They are only a reference point and an approximation. Factory will do it's best to match but cannot guarantee an exact color match.
