#5185HTOP3 – 9/16" x 7/8"

### #5185HTOP3, #5186HTOP3 The Privacy Protector - Webcam Cover and Microfiber Screen Cleaner.

Take charge of your privacy, and keep your screens clean, with our NEW Privacy Protector Webcam Cover and Microfiber Screen Cleaner. This product has a repositionable adhesive backing which sticks over the webcams on your cell phone, tablet, laptop or desktop to block out hackers spying eyes. The imprint side is made of a soft microfiber material that's perfect for cleaning the screens of those devices. Simply stick the Privacy Protector over your webcam and remove it to clean screen surfaces. After cleaning, just re-attach it over your webcam (or anywhere on your device) for storage. The adhesive side is washable (with water) to remove dirt and dust so it adheres for long term use. The price includes a full color, full bleed, imprint on the Privacy Protector plus a full color, 2-sided imprint on the printed insert card. Exact color matches are not guaranteed. Each unit is individually polybagged. Please submit art to size in the templates provided on our website at [www.innovation-line.com](http://www.innovation-line.com).

Disclaimer: The dye-sublimation printing process uses a computer printer to generate a heat transfer to transfer the image onto the fabric. Dye-sublimation printing machines use CMYO (Cyan Magenta Yellow Overcoating) colors, which differs from the more recognized CMYK colors in that the black is eliminated in favour of a clear overcoating. As a result, PMS inks cannot be matched exactly. They are only a reference point and an approximation. Factory will do it's best to match but cannot guarantee an exact color match. 0523
