Please note: Slight shifting of logo/text cannot be avoided. As each product is manufactured and logged individually, up to 3/16" movement in logo alignment may occur. Products are intended for individual use and cannot be compared one to another. In Photoimage Full Color printing, exact color match cannot be achieved. There may be a dramatic difference between the PMS Color noted, screen color shown and printed color. None of these can be considered a defect. As stitching only extends to top of pocket, slight peeling may occur in time due to glue weakening, however this cannot be avoided and does not impact product use.
