## #5129 'The Twister' - Cell Phone Metal Ring Holder and Stand

Convenient and safe metal ring grip prevents dropping and damaging mobile phones. Strong metal rotating ring also functions as a convenient phone stand for viewing videos, movies, playing music, reading the news or books and more. Laser engraved imprint on matte metal center. Adhesive backing is easily removed leaving minimal residue. Elegant black gift box with instruction card included in price. **Size:** 1-1/2" W x 2-3/8" H. **Imprint:** 1-1/4" W x 3/4" H Laser Imprint. **Color:** Silver

**Laser Engraving Setup Charge:** 55.00 (G) per location. **Price Includes:** Laser engraving, one location (no color). **Production Time:** 5 Days.  
**\*PhotoImage® Full Color Imprint Setup:** add .50 (G) running charge, plus 55.00 (G) Setup Charge. **Price includes:** up to a Full Color Imprint with Epoxy Dome, exact color matches are not possible. When Dome is applied slight metal indentation results on exterior of plastic ring, and this is not considered a defect. **Production Time:** 8 Days.  
**Email Proof:** 7.50 (G), add 2 days to production time. **Repeat Setup:** 27.50 (G). **Packaging:** Gift Box. **Weight:** 9 lbs. (100pcs.)  
**Material:** Zinc Alloy, Plastic & Stainless Steel.

Gift Box included

**IMPORTANT:** Please specify Promo #W3667 to receive special pricing at time of order placement as it cannot be applied later. This offer may not be combined with any other promotion, discount, coupon and/or special column pricing (EQP & NQP do not apply sorry no exceptions). Expires 1/31/2020. All prices are in US Dollars.

Important Information: Variations in print substrates/materials make it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including spot color direct print or 4CP vinyl label. PMS is only a reference point and an approximation. Laser engraving appears on actual item as tone on tone (as the laser engraving uses the laser to burn through the surface), on clear acrylic it appears white frost, on a proof laser engraving is most often shown in gray color. Imprint will shift slightly when printed or lasered. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Vinyl labels may have small bubbles and variation in label application cannot be avoided. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. Please note: Adhesive strength may vary depending on materials used in the cell phone itself or aftermarket phone cases. 1104
