Important Information:Laser engraving appears on actual item as tone on tone (as the laser engraving uses the laser to burn through the surface), on clear acrylic it appears white frost, on a proof laser engraving is most often shown in gray color. Imprint will shift slightly when printed or laserered. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. 0925
