Read Carefully: Imprint will deteriorate with washing and normal use and this is not considered a defect. INTENDED FOR DRY USE ONLY. Fine lines have a tendency to break and/or appear broken when printing on cloth materials. Some fine details may be lost during printing as well as fade quickly after printing. Imprint will deteriorate with washing and normal use and this is not considered a defect. Thin lines and fine type may be difficult to read or break up when printed on the fiber loops of this product and as a result imprint will vary from piece to piece. INTENDED FOR DRY USE ONLY. Also, cloth material size, shape, and color, varies from cloth to cloth and order to order. Towels are intended for individual use and cannot be identical to each other. Important Information: Variations in print substrates/materials make it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including screen print, pad print, Photolmage © full color direct, full color label, transfer and sublimation. PMS is only a reference point and an approximation. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. 03111
