

FACE MASK PROTECTION FOR EVERYDAY USE

Our single use face mask is comfortable, soft and breathable. Made with a 3-ply non-woven fiber material, it covers your nose and mouth. It is held tight using durable elastic ear straps. It also features a strong and flexible metal strip built inside the top edge of the mask to form-fit around the bridge of your nose.

Important Information: This face cover is for source control use only. This face cover should not be used: (1) in any surgical setting or to provide liquid barrier protection; (2) in a clinical setting where the infection risk level through inhalation exposure is high; (3) for particulate filtration; or (4) in high risk aerosol generating procedures. The product has not been FDA cleared or approved, it has been authorized by the FDA under an EUA for use as source control by the general public during the COVID-19 pandemic. Source control means preventing the transmission of infection through a person's respiratory secretions which are produced when speaking, coughing, or sneezing. Face masks, including cloth face coverings, help with source control by covering the wearer's mouth and nose. This product is authorized only for the duration of the EUA during the COVID-19 outbreak, under section 564(b)(1) of the Act, 21 U.S.C. §360bbb-3(b)(1) unless the authorization is terminated or revoked sooner. If you experience any issues with this product, please contact us at info@innovation-line.com 0926
