Repeat Setup Charge: 27.50 (G). Email Proof Charge: 7.50 (G), add 2 days to production time. Weight: 3 Lbs / 100 Pcs. Production Time: 5 days after final proof approval. Packaging: Bulk packed 25 pcs per polybag. Individual Polybag: add .15 (G), add 2 days to production. Material: 2 Ply - 100% polyester imprint panel with 100% Cotton body facing material; 95% Rayon and 5% Spandex ear loops. Thread Count: 26S Mask Size Specs: Approx. 12" x 5 1/4" with Ear Loops. 7 1/4" W x 5 1/4"H Face Cover Area; One size fits most adults.

Please Note: Masks fit faces differently according to each individual facial structure. Innovation Line makes no claims about exact fit as each mask varies in size just as each individual facial structure varies. If facial fit is critical, the buyer assumes all responsibility for confirming fit requirements prior to order placement. Mask Sales are final and returns not accepted & discounts will not be issued.

Imprint Area: Approx. 6-1/2" W x 4-1/4" H.

Disclaimer: Face Masks are individually hand sewn, which will result in a size variation which cannot be avoided. Due to the intricacies of the Dye Sublimation printing process: it is not possible to perfectly center mask imprints, small unavoidable creases in the mask material could create small white spaces inside the creases and, for full bleed imprints, a narrow white border may appear along the trim line, all of which are not considered defects. Washing instructions: Wash prior to use. Hand Wash or machine wash cool, line dry only.

Specify Promo #E4169 to receive special pricing at time of order placement as it cannot be applied later. This offer may not be combined with any other promotion, discount, coupon and/or special column pricing (EQP & NQP do not apply). Expires 2/28/2021

This face cover is for source control use only. This face cover should not be used: (1) in any surgical setting or to provide liquid barrier protection; (2) in a clinical setting where the infection risk level through inhalation exposure is high; (3) for particulate filtration; or (4) in high risk aerosol generating procedures. The product has not been FDA cleared or approved, it has been authorized by the FDA under an EUA for use as source control by the general public difficult including the COVID-19 pandemic. Source control means preventing the transmission of infection through a person's receitons which are rootuced when speaking, coughing, or sneezing.
