However, if expedited shipping is required a \$50 fee per box will be charged as hazardous materials (sanitizers) documentation is required, ONLY FedEx carrier allowed for expedited shipping. Hand Sanitizers shipping to Alaska, Hawaii and Puerto Rico automatically require hazmat documentation and a \$50(G) charge per box fee. For spot color imprint: Small shifting of imprint cannot be avoided when printing. As each product is manufactured and printed individually, up to 3/16" movement in logo alignment may occur. Hand Sanitizers are intended for individual use and cannot be compared one to another. Small bubbles in vinyl label cannot be avoided as labels are applied manually and cannot be perfectly aligned on bottle or compared one to another or order to order. Clear ingredients label on back will be visible through the front and may make imprint difficult to read. Thin lines and small text are not recommended. PMS color matching is not possible on full color CMYK digitally printed vinyl labels and if PMS is required directed printed (style S) is closer but still not an exact match. E proofs are for logo placement and size only and cannot replicate actual color and Factory cannot be responsible for color variation between E proof and actual printed product. 0208
