

**NEW**

# Full Color Sublimation Dress and Crew Socks

Get creative and have fun with our ultra-comfortable full color, full bleed, die sublimated dress and crew socks. Both styles feature reinforced black toe and heel for a higher quality and more professional appearance. Dress socks are flat and sleek; crew socks are slightly thicker with a slightly ribbed surface on the leg and mid-foot areas for more support. Socks have a white base color before printing.

**Setup Charge:** 60.00 (G), price includes a full color, full bleed sublimation imprint over the entire sock, front and back. Base color is white. Exact color match cannot be guaranteed with sublimation printing. **Email Proof Charge:** 7.50 (G), add 2 days to production time. **Repeat Setup Charge:** 32.50 (G). **Standard Production:** 10 Days after all approvals. Due to the nature of flatbed dye-sublimation, product will have a "seam" on each edge. On occasion there may be little creases and crevices in the fabric, this is not considered a defect. Creases could prevent color or imprint from printing inside the small fabric crease, resulting in small white spaces. **Packaging:** Polybagged per pair.

**Material:** #SOCK10 - 95% polyester, 4% Rubber, 1% Elastane. #SOCK11 - 90% polyester, 7% cotton, 3% Elastane.

**Weight:** #SOCK10 - 20 lbs/100 pcs; #SOCK11 - 15 lbs/100 pcs.

**#SOCK10** Product Size: Approx 17 3/4" H. Sock Size: One size fits most - Approximately fits Men's 6-13 and Women's 7-14. **Imprint Area:** 3 3/4" W x 19 1/4" H - Black Toe & Heel

**#SOCK11** Product Size: Approx 18 3/4" H. Sock Size: One size fits most - Approximately fits Men's 6-13 and Women's 7-14. **Imprint Area:** 3 1/2" W x 20 1/4" H - Black Toe & Heel

Disclaimer: Machine Wash Cold. Do Not Bleach or Tumble Dry (Line Dry). Do Not Iron or Dry Clean. Some Shrinkage is considered normal after washing. With flatbed dye-sublimation sock printing, only one side of a sock is printed at a time. Each sock runs through the sublimation machinery twice to be printed on both sides (the front and back). The printing on the edges of socks overlap slightly resulting in a fine imprint line running the length of each sock (this fine line is more visible with lighter colored imprints). We advise keeping logos 1/2" away from sock edges to avoid logos being cut off. Additionally, small creases in socks may occur during printing which will appear as small white spaces. These conditions are unavoidable and are not considered defects. (Credits or returns will not be accepted).

All our digital 4 color process printing methods (dye-sublimation, heat transfer and direct) utilize specialized computer printers to transfer your image onto our products. This print method uses CMYK (Cyan, Magenta, Yellow, Black) ink colors and not pre-mixed PMS inks (which are used in silkscreen and pad printing). Therefore, exact PMS color matching is not possible and we cannot issue credits, refunds or accept returns for an issue relating to a requested PMS color match. We will do our best to match your colors as closely as possible.

Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E-Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation #E4623 Expire 3/31/2023 1121
