Please Note: Towels are intended for individual use and cannot be compared. For red towel only, due to towel color dyeing process, for white ink imprints only, the red dye may bleed slightly and produce a pink hue, which cannot be avoided and is not considered a defect. Important Information: Variations in print substrates/materials make it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including screen print, pad print, Photolmage® full color direct, full color label, transfer and sublimation. PMS is only a reference point and an approximation. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. 0427
