Photolmage® Full Color Setup Charge: 60.00 (G). **Price Includes:** a Photolmage® full color, full bleed, sublimation imprint over the entire sock, front and back. Base color is white. Exact color match cannot be guaranteed with sublimation printing. **Email Proof Charge:** 7.50 (G), add 2 days to production time. **Repeat Setup Charge:** 40.00 (G). **Standard Production:** 7 Days. Due to the nature of dye-sublimation printing, socks will have a thin imprint line along each side due to slightly overlapping imprints. **Packaging:** Polybagged per pair. **Material:** 95% Polyester, 4% Rubber, 1% Elastane. Split your Minimum Quantity of SOCK12-M (Men's) & SOCK12-W (Women's) Sizes; 50 pcs minimum of each item required. No LTM Charge.

Disclaimer: Machine Wash Cold. Do Not Bleach or Tumble Dry (Line Dry). Do Not Iron or Dry Clean. Some Shrinkage is considered normal after washing. With flatbed dye-sublimation sock printing, only one side of a sock is printed at a time. Each sock runs through the sublimation machinery twice to be printed on both sides (the front and back). The printing on the edges of socks overlap slightly resulting in a fine imprint line running the length of each sock (this fine line is more visible with lighter colored imprints). We advise keeping logos 1/2" away from sock edges to avoid logos being cut off. Additionally, small creases in socks may occur during printing which will appear as small white spaces. These conditions are unavoidable and are not considered defects. (Credits or returns will not be accepted). All our digital 4 color process printing methods (dye-sublimation, heat transfer and direct) utilize specialized computer printers to transfer your image onto our products. This print method uses CMYK (Cyan, Magenta, Yellow, Black) ink colors and not pre-mixed PMS inks (which are used in silkscreen and pad printing). Therefore, exact PMS color matching is not possible and we cannot issue credits, refunds or accept returns for an issue relating to a requested PMS color match. We will do our best to match your colors as closely as possible. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing.
