Material Color: Material color may vary from shipment to shipment and dye lot to dye lot. The physical color of an object depends on how it absorbs and scatters light. No electronic device can truly capture actual color and in most cases the way each person experiences color is entirely subjective. Innovation makes no claims regarding color and if material color is critical to your customer, samples must be ordered in advance. Credits will not be made nor returns accepted for issues regarding material colors. Small shifting of imprint cannot be avoided when printing. As each product is manufactured and printed individually, up to 3/16" movement in logo alignment may occur. Products are intended for individual use and cannot be compared one to another. Product material thickness, size and color as well as ink color will vary slightly from product to product and order to order and dye lot to dye lot, current order cannot match previous order. PMS colors will be very close, however inks are mixed by hand with some variation and cannot be compared to e proofs. Copy Change request must meet 1/2 of the first column quantity. No exceptions. All applicable charges will be applied. 0710
