Disclaimer: Slight shifting of logo/text cannot be avoided. As each product is manufactured and logoed individually, up to 3/16" movement in logo alignment may occur. Products are intended for individual use and cannot be compared one to another. In 4-color process printing, exact color match cannot be achieved. There may be a dramatic difference between the PMS Color noted, screen color shown and printed color. None of these can be considered a defect. The balls are lightly inflated for the push-pop function and warmer or cooler temperatures may cause them to expand or contract. Because of their softness and shape imprints may vary and not always align perfectly. EXPIRE 4/30/2026. 0108
