

Additional Information About Your Facemask

This face cover is for source control use only. Source control means preventing the transmission of infection through a person's respiratory secretions which are produced when speaking, coughing, or sneezing. Face masks, including cloth face coverings, help with source control by covering the wearer's mouth and nose.

This face cover should not be used: (1) in any surgical setting or to provide liquid barrier protection; (2) in a clinical setting where the infection risk level through inhalation exposure is high; (3) for particulate filtration; or (4) in high risk aerosol generating procedures.

This product has not been FDA cleared or approved; it has been authorized by the FDA under an Emergency Use authorization (EUA) for use as source control by the general public during the COVID-19 pandemic. This product is authorized only for the duration of the EUA during the COVID-19 outbreak, under section 564(b)(1) of the Act, 21 U.S.C. §360bbb-3(b)(1) unless the authorization is terminated or revoked sooner.

The bodily facing material and top imprint panel are 95% Cotton & 5% Spandex; the border trim is 85% Nylon and 15% Spandex; the stretchy loop strap is Nylon; the adjustable cord lock is Polypropylene material.

Washing Instructions are to hand wash or machine wash cool and line dry or use a dryer on low heat setting. Wash prior to use.
