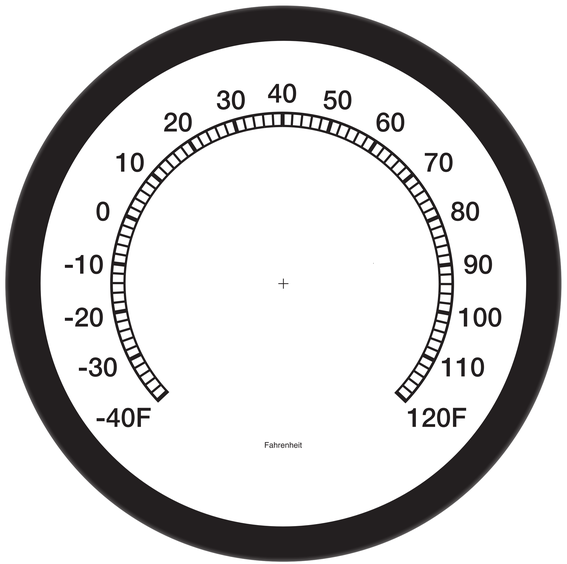
ITEM #9724T

4-color process

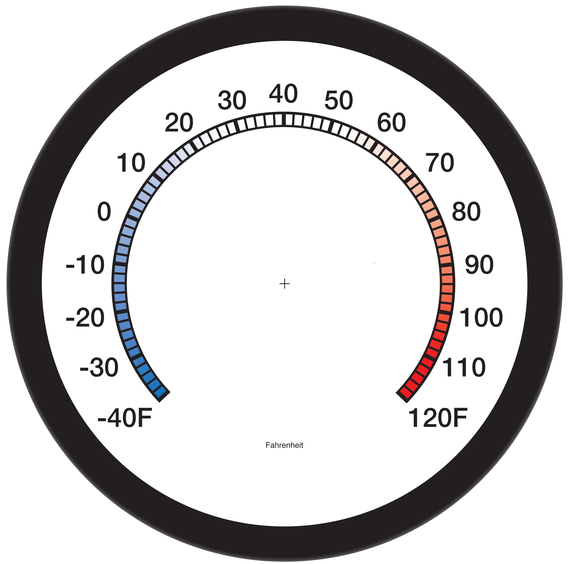
We recommend using the standard dial styles below for accurate temperature reading in Fahrenheit and/or Celsius.

When creating custom thermometer dials, note:
0 degrees and 108 degrees are on opposite sides for Fahrenheit
-10 degrees and 50 degrees are on opposite sides for Celcius.

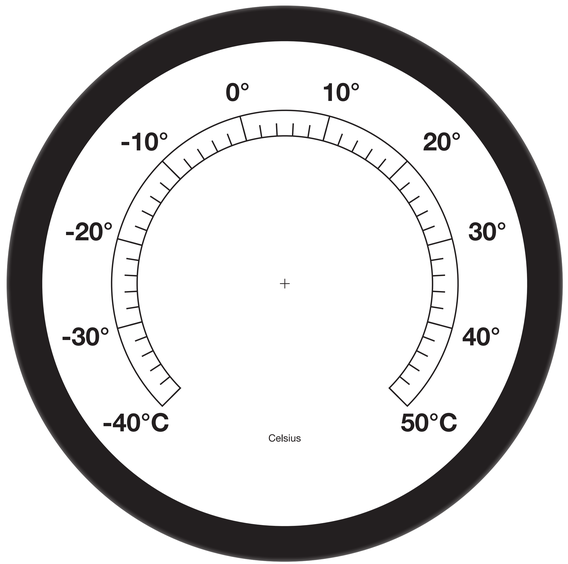
Standard Fahrenheit Dial



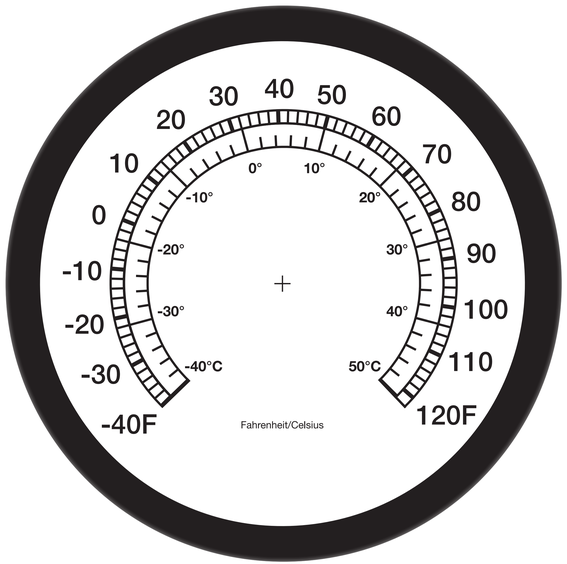
Standard Fahrenheit Dial (With Colors)



Celsius Only Version



Fahrenheit/Celsius Combined



Size: 100% of actual size
