Please Note: Due to the wide variety of designs & thickness on individual phone cases, some cell phone cases may restrict the charging cables ability to connect securely to the phone. This is not considered a cable defect and the case may need to be removed to secure cable connections. Important Information: Variations in print substrates/materials makes it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including screen print, pad print, PhotolImage® full color direct, full color label, transfer and sublimation. PMS is only a reference point and an approximation. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E-Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. iPhone® and Apple® are registered trademarks of the Apple® corporation, Inc. 0502
