

3-Ways To Charge 1-Way To Stand Out

#5166 - "Ampstation"

3-in-1 15W Wireless Charging Station

Charge smarter and promote louder with the AMP-STATION — a sleek, foldable 3-in-1 charger that powers phones (15W magnetic wireless), Apple Watch (5W), and wireless earbuds (2.5W) all at once. Its generous DTS imprint area keeps your logo front and center, making it a standout choice for corporate gifting, client swag, or event giveaways. Functional, portable, and built to be seen.

Important Information: Variations in print substrates/materials make it impossible to exactly duplicate PMS colors on Innovation Line products. Color variation cannot be considered a defect due to ink, lighting, material or any other variation. PMS color matching is not possible for any imprint method, including screen print, pad print, PhotImage® full color direct, full color label, transfer and sublimation. PMS is only a reference point and an approximation. Each product is manufactured and printed individually, so 3/16" movement in logo alignment may result and cannot be considered a defect in printing. Note on proofs: E Proofs are for logo placement and size approval only. The colors shown on e-proofs will not be accurately represented on monitors. Therefore, e-proofs cannot be an exact color representation and factory is not responsible for ANY variation. 1121
