

# THE ULTIMATE COMFORTABLE & COOLING FACE COVERING THIS SUMMER

**DELIVERED TO YOUR CLIENT'S DOOR**

(ANYWHERE IN THE CONTINENTAL US)

**FREIGHT COST INCLUDED**

## #5131HTOP3 "THE COOLING FANDANA™"

### Sublimation Multi-Function Tubular Headwear

Simply wet with water and wring to activate. The specialized air pocket construction quickly absorbs and retains water better than standard materials, and enhances air flow into the damp cloth, creating a prolonged cooling effect. The moisture wicking properties draw moisture away from your skin so you stay dry and comfortable. The Cooling Fandana remains dry to the touch. Simply re-wet and wring to reactivate and refresh as necessary. 100% eco-friendly chemical free microfiber polyester construction.

Note: Fandanas are not a children's product and are not for use for ages 12 and under. Hand wash prior to use. Washing will influence imprint longevity. Hand wash Only. Regarding color matching, dye-sublimation printing process uses a computer printer to generate a heat transfer to transfer the image onto fabric. Dye-sublimation printing machines use CMYK (Cyan Magenta Yellow Overcoating) colors, which differs from the more recognized CMYK colors in that the black is eliminated in favor of a clear overcoating. As a result, PMS inks cannot be matched exactly. They are only a reference point and an approximation. Factory will do it's best to match but cannot guarantee an exact color match.
